

Akio High
Design: Mathias Seiler

Akio High

Rectangular, oval, round tables Rechthoekige, ovalen, ronde tafels

Design:
Mathias Seiler

As part of the Akio range of tables, Akio High enables conversations at eye level – for users who prefer to stand or sit on a high stool. It is especially suited for use in the centre of an open-plan office, in bistros and in other rooms used for meeting and communication. Akio High tables allow users to change position during the day and are ideal to support team working processes. Technical media elements can be integrated depending on the use.

Akio High maakt het mogelijk om op oog hoogte met elkaar in gesprek te gaan, staand of zittend op een barkruk. Akio high is bijzonder geschikt om in een open kantoor ruimte geplaatst te worden maar de tafel komt ook goed tot zijn recht in bistro's of andere ontmoetingsruimtes. De hoge Akio tafels maken het mogelijk om gedurende de dag van houding te wisselen en zijn ideaal om teamwork processen te ondersteunen. Indien gewenst kunnen de tafels uitgerust worden met een mediabox.

1_Dimensions Maten

Table shape Tafel vorm	Width Breedte	Length Tafel lengte	Height Hoogte
Rectangular Rechthoek	100 110 cm	200 240 280 320 cm	110 74 cm
