

## Girsberger at imm cologne 2020

At imm cologne, which will be held from 13–19 January 2020, Swiss furniture manufacturer Girsberger will once again focus its presentation on its expertise in solid wood. New products include various versions of the elegant "Carim" bench, the "Linar" solid wood table and an addition to the "Barra" table range with an extendable table, as well as to the "Nava" range of multi-purpose moulded shell chairs. Featuring a contemporary choice of colours, upholstery fabrics and types of wood, the company will showcase diverse design options.

Bützberg, 13.1.2020 – New products

"**Carim**" is a straight-lined and elegant bench that comes with the choice of an A-frame or sleigh-leg frame. It is available with or without a backrest and in four lengths: 180 cm, 220 cm, 240 cm and 280 cm. The A-frame version of "**Carim**" goes perfectly with the Barra table. The sleigh-leg version can be combined with a wide variety of different tables. As well as the standard upholstery option, a version with button tufting is also offered, which gives the bench a luxurious and classic character. *Design: Atelier I+N/Ismaël and Nathan Studer*

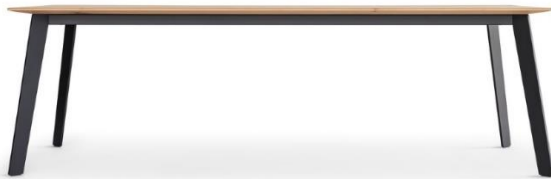

"Carim" with an A-frame

"Carim" with a sleigh-leg frame

The "**Linar**" solid wood table features a four-legged flat steel structure which gives it a slender and sophisticated look. Yet the frame boasts excellent stability, enabling tables to be up to 4 metres in length. The edges of the solid wood tabletop are bevelled, further emphasizing the table's sophisticated character. "Linar" is available in all types of wood and surface finishes in the Girsberger solid wood collection.

*Design: Mathias Seiler*

"Linar" in lengths of up to 4 metres

The "**Barra**" table has a clear and elegant look. The key design features of this solid wood table are its angled legs made of flat steel. "Barra" is available in any length from 160 cm to 400 cm. A new version is now offered featuring a smooth synchronous extension. This comes in three lengths – 180 cm, 200 cm and 220 cm – with a 100 cm extension. The legs remain in place while the extension can be pulled out instantly to create space for additional guests.

*Design: Atelier I+N/Ismaël and Nathan Studer*

"Barra" – now available as an extendable table

The "**Nava**" range of multi-purpose moulded shell chairs features a new version in full-grain leather. There are 14 colours of leather to choose from. As an extra feature, the skid-frame version of "**Nava**" is now also available with armrests. The standard version has oak armrests with a bright varnish; the other options are black-stained oak and walnut with a natural varnish.

*Design: Tom Deacon*

#### **About Girsberger:**

The Swiss company group was established in 1889 as a woodworking shop and soon made its name as a manufacturer of seating furniture. Today, it focuses on providing high-quality and innovative furniture solutions for offices, public spaces and homes and has particular expertise in processing solid wood.

Its own production sites combine a variety of different manufacturing disciplines, thus providing a high degree of production versatility and allowing the strategic move into Customized Furniture and Remanufacturing. From Koblenz, close to the border with Germany, the solid wood trade unit supplies all types of wood-processing businesses with top-quality solid wood.

Today, the international company group is managed by Michael Girsberger, who is the great-grandson of the company's founder. Outside Switzerland Girsberger has sales companies in Germany, France, the Benelux countries, Austria and Turkey; the company's headquarters are in Bützberg, near Berne. Production locations are situated in Bützberg (Switzerland), Endingen (Germany), Kraljevci (Serbia) and Silivri (Turkey).

**Girsberger introduced climate-neutral production in 2015 and was awarded the EcoVadis gold medal for its transparent, sustainable supply chain in 2019.**
